## *Dental Contingency Plan*

A thorough dental examination cannot be performed until your pet is under anesthesia. Occasionally, problems are detected during the procedures that need attention, especially the extraction of any diseased teeth that we deem necessary. It is essential that we are able to contact you by telephone during the procedure. In the event that we are unable to contact you, please tell us how to proceed:

\_\_\_\_\_ (initials) Continue and do whatever is medically necessary for my pet.

\_\_\_\_\_ (initials) Complete the requested procedure and postpone additional treatment until a later date.
